### FINANCIAL/INSURANCE POLICY

I understand and agree that health/accident insurance policies are an agreement between an insurance carrier and myself. I understand that my insurance will be billed for services rendered in this office and that I am responsible for any services not paid and/or not covered by my insurance. Furthermore, I understand that this chiropractic office will prepare any necessary reports and forms to assist me in making collection from the insurance company. However, I clearly understand and agree that all services rendered to me are charged directly to me and that I am personally responsible for payment and any fees for collection of past due accounts. I also understand that if I suspend or terminate my care and treatment, fees for professional services rendered to me will be immediately due and payable.

It is not enough that you understand the benefits of chiropractic care in restoring normal joint motion and nervous system health, you must also be aware of the existence of inherent risks and limitations to chiropractic care. Every type of treatment (medical, chiropractic or otherwise) carries some form of potential risk associated with it. Risks associated with some forms of chiropractic care include muscular sprain/strain, neurological deficit, osseous fracture and vertebral artery dissection. While the incidence of injury from chiropractic care is extremely low, and only seldom are the risks great enough to contraindicate care, these facts should be considered in making the decision the receive chiropractic care.

I have been informed of the nature and purpose of chiropractic care, the possible consequences of care, and the potential risks of chiropractic care; including the risk that care I receive in this office may not accomplish the desired clinical objective. I have been advised of reasonable alternative treatments, including known risks, consequences, and probable effectiveness of each, and I have been advised of the possible consequences if no care is provided. I acknowledge that no guarantees have been provided to me concerning the results of the care I will receive.
